Key to Table of Convictions:

Date in bold = trial was covert, 'reporting restrictions' imposed to ensure the public don't hear the horrific details of what these Muslims did to the Kuffar schoolgirls.

First or last **name** in bold = named after the founder of Islam.

Last <u>name</u> underlined = the criminals were probably relatives.

Notes

1) Not every person in this table of convictions is a Muslim, and not everyone is male. However, only 6% of the UK population are Muslims, yet the vast majority of the people in this list are Muslim men. Almost every trial listed consists of mostly Muslim men or of non-Muslims operating in an Islamised town.
